

It has been reported that in 2018/19 there were 23 school shootings in the USA- that is 1 school shooting every 8 days. Studies have shown at the root for most or all of school shooters is

disconnection. This program will give materials and strategies to get more connection, acceptance and inclusion among all students.

KIDZS ALERT - Emergency System will be rolling out with senate and congressional support to help keep our communities on high alert when needed. Just like the AMBER ALERT System this will be in place to alert our neighborhoods and

communities when potential threats and violence is imminent. We currently have a FREE PDF downloadable CAUGHT IN THE CROSS FIRE recovery guide to support this concept that also promotes kindness to overcome the issue of bullying that usually leads to violent acts.

For your free copy of CAUGHT IN THE CROSSFIRE PDF download visit:

### INSPIRED KIDZS PURPOSE

The INSPIRED KIDZS clothing line symbolizes that they have completed an annual school program to be implemented in all schools across North America. The purpose is to infuse the school culture with kindness as a preventative approach to bullying and violent acts, even as extreme as school shootings.

## Be Kind

eSVYN is a newly launched athleisure wear fashion brand that gives back to educate children about anti-bullying. With a school curriculum in place, INSPIRED KIDZS will focus on important traits for a school to promote and incorporate every month to get students operating at a desired level of kindness- the preventative piece to anti-bullying.

The INSPIRED KIDZS t-shirt is the "Badge of Honor" to be worn symbolizing that they're inspired to create a kindness culture.

INSPIRED KIDZS

If you see someone

without a smile,

give them one of yours!

## How you can help

Corporate sponsors teaming up with **Inspired Kidzs** is a great way to embrace and protect our neighborhoods against bullying that can lead to school violence.

### HOW CAN YOU HELP IN YOUR COMMUNITY?

Corporate sponsors could select a best selling item from their inventory to benefit the **Inspired Kidzs Anti-Bullying school challenge** at no cost to the schools.

#### How does that work?

- 1) Corporate sponsors could donate 5 cents from one of their chosen in-store items to be donated to the **Inspired Kidzs challenge**.
- 2) Corporate sponsors could have their customers round up the change on every order to be donated to the **Inspired Kidzs challenge**.
- 3) Corporate sponsors could donate to the **Inspired Kidzs challenge**.

With this donation you will help create a kindness culture in schools and in our communities.

Kindness is a learned behavior and discipline that needs to be reinforced throughout our school systems nationwide.

With your support we can empower our young leaders of tomorrow that will also remember the sponsorship contribution that impacted their kindness journey who could one day become one of your valued team members. Sponsor logos will be added to the **eSVYN Inspired Kidzs** purchase page.
